14. Selecting the auditor

The Board of Directors proposes that Ernst & Young Oy, Authorized Public Accounting Firm, be selected as the auditor. Ernst & Young Oy has stated that it will appoint Juha Hilmola, Authorized Public Accountant, as the auditor with principal responsibility.

15. Authorization to decide on acquisition of own shares

The Board of Directors proposes the General Meeting to authorize the Board to decide on acquisition of own shares with following presumptions:

The General Meeting authorizes the Board of Directors to decide on acquisition of a maximum of 3,600,000 shares in one or several parts with the company's own capital (the company currently has a total of 36 188 255 shares). The Board of Directors proposes that the authorization entitles the Board to deviate from the shareholders' proportional shareholdings (directed acquisition). Own shares can be acquired at a price formed in public trading on the date of the acquisition or at a price otherwise formed on the market.

The shares may be used in making a payment for an acquisition, or when the company buys property related to its business operations, to develop the capital structure, to widen the ownership base, or as part of the incentive compensation plan, or to be otherwise invalidated or conveyed. In connection with the share repurchase ordinary derivative, stock lending, and other agreements may be made in the market in accordance with the laws and regulations.

The authorization is proposed to include the Board of Directors to decide on all other matters related to the acquisition of shares.

The authorization would be valid until June 30, 2020.

This authorization shall replace all earlier authorizations of the Board of Directors pertaining to the acquisition of own shares.

16. Authorization to decide on share issue as well as to grant option rights and other special rights entitling to shares

The Board of Directors proposes the General Meeting to authorize the Board to decide on issuance of a maximum of 3,600,000 shares and granting of a maximum of 3,600,000 of the company's own shares in one or several parts (the company currently has a total of 36 188 255 shares).

The shares could be issued either against a payment or for free on the basis of conditions set by the Board of Directors and, for the part of an issue against payment, at the price defined by the Board of Directors.

The authorization also gives the Board of Directors the right to grant option rights and special rights—as defined in Chapter 10, Section 1 of the Companies Act—which entitle, against payment, to new shares or company shares in the company's possession. A right may also be given to a creditor in such manner that the right includes a condition that the creditor's receivable is used to set off the subscription price (convertible loan). The subscription price of the new shares and the amount paid for the company's own shares will be added to the fund for invested unrestricted equity.

The Board of Directors proposes that the authorization entitles the Board to deviate from the pre-emptive subscription rights of the existing shareholders, provided that the company has an important financial reason to do so, as regards the issue against payment, and that there is an especially important reason for the company and the good of the shareholders to do so, as regards the free issue. Within the limits set above, the authorization could be used, for example, to develop the capital structure, to widen the ownership base, in making a payment for an acquisition, when the company buys property related to its business operations, or incentive or reward program for employees and management at Innofactor group. New issue or transfer of own shares could also be used as a contribution in kind or when using the set-off right.

In addition, the Board of Directors proposes that the authorization include also the right to decide on a free share issue to the company itself in such a manner that, after the issue, the number of shares in the company's possession is at the maximum one tenth of the total number of shares in the company. This number includes the shares in the possession of the company and its subsidiaries as defined in Chapter 15, Section 11, subsection 1 of the Companies Act.

The Board of Directors will decide on all other matters related to the authorization.

This authorization would be valid until June 30, 2020.

This authorization shall replace all earlier authorizations of the Board of Directors related to issuance of shares and granting of the company's own shares.
